EDITORIAL NOTES.

Henry Ward Beecher, in the course of his remarks at a Brooklyn temperance meeting recently, said: "If men must drink, ask them between drinks to come with you and help along the cause. I don't believe in denouncing all men who sell liquor as scoundrels. There are some good men who are engaged in this business—men with kind and generous spirits." Henry is evidently working up a cocktail route and wants to be solid with bar-keepers.

It is reported that the chief sovereigns and princes who were at Berlin during the celebration of the silver wedding of the Crown Prince and Princess have agreed to be represented at the coronation of the Czar by ambassadors only. If they must be blown up they prefer to have the operation performed by proxy.

The California and Oregon railroad is to be pushed through to completion this season, which will then give a continuous line from San Francisco to Portland. The road is then to be leased for a term of 999 years to the Oregon and Transcontinental Company, of which Henry Villard is president.

Petaluma, Santa Rosa and Healdsburg, Cal., are fighting over the location of the county seat of Sonoma county, and it is thought that in their strife they will tear the county in two, Petaluma becoming the capital of one end and Healdsburg of the other.

The probability that the Government will have little or no surplus revenue for the remainder of the year will make it impossible for Secretary Folger to continue his policy of relieving the stringency of the money market by calling in bonds.

If famine prevails in Ireland to such an extent as Parnell says, why don't he show his patriotism by turning over the fund raised for him, to aid his destitute countrymen?

The Tuscara Times-Review comes to hand enlarged and improved. It is a good local paper and deserves to be well patronized.

Texas has a thousand convicts hired out to work on farms at \$15 a month. By this custom a farmer's house becomes a den of thieves.

BRIEF TELEGRAMS.

[ASSOCIATED PRESS.]
Condensed Dispatches From All Over the World.
 —Of 196 deaths in New Orleans the past week, 86 were from smallpox.
 —Cornelius Vanderbilt has given \$5,000 to the American Church Building Fund of the Protestant Episcopal Church.
 —David H. Bruce, the well-known type-founder, is defendant in a breach of promise suit, in which Miss Ernestina Cloos is the plaintiff.
 —At Lafayette, Ind., the jury in the slander suit of Miss Helen Gouger vs. Chief of Police Maules, rendered a verdict in favor of the plaintiff for \$5,000 damages.
 —The round house and machine shops of the Northwestern Railway were burned at Winona, Minnesota, yesterday morning. Eleven locomotives were damaged. No insurance.
 —The Connecticut House of Representatives passed, by 150 to 21, a bill forbidding railroads in the State from discriminating in freights by charging more for a short haul than for a long one.
 —General New, Assistant Secretary of the Treasury, issued an order yesterday, granting leave of absence, on the 16th instant, to the colored employees in the Treasury who desire to participate in the Emancipation celebration.

Gas Explosion in a French Theater.
 PARIS, April 12.
 The papers this morning report a terrible catastrophe in a theater at Rivel, caused by the explosion of gas. A performance was in progress at the time and the theater was crowded. Many are said to have been killed in the panic which ensued.

EASTERN DISPATCHES.

[ASSOCIATED PRESS.]
Mitchell, the English Flagist, Anxious to Meet Sullivan.
 NEW YORK, April 11.
 Charley Mitchell, the English pugilist, speaking of Sullivan's offer to knock him out in four rounds with gloves for \$5,000, says: "The fact that Sullivan wants to bet so much money goes to show that he does not mean business. After I had won the championship I offered to fight any man in England for £50 to £500, because I intended business. If I had no intention of fighting, I should have offered to fight any man in England for from £5,000 to £10,000, knowing that no pugilist could raise that amount. I cannot accept Sullivan's offer because the stakes are too large. He agreed to box Tug Wilson for \$1,000, and that is enough. If the champion means business, why does he not box me for that amount? I am not particular about engaging in any glove contest with Sullivan, preferring to meet him with bare knuckles, according to the rules of the London prize ring, in six or eight weeks from signing the articles. I think I should have a better chance to win money for my backers in such a contest. If Sullivan or any one else is ready to meet me, all they have to do is to post \$500 forfeit with Harry Hill. The money will be covered, and there will be no trouble about arranging the match."

Our Monitors Not So Useless as Represented.
 NEW YORK, April 11.

The Times says: It now appears that the monitors in course of construction are to be made really formidable vessels. They are to be provided with turrets of steel deflecting armor which will be impenetrable by any missiles, except that of the 100-ton guns of the new Italian ships. The Miantonomah, on her trip from Norfolk to Washington, steamed full 10 knots an hour, and was steered without any difficulty. If the rest of the monitors prove to be as fast no fault need be found with them, as the vessels are intended for harbor defense, but the turrets have to be made in England, because we have neither the machinery nor trained workmen necessary for their construction, and the only guns we have to arm the monitors with are smooth bores and small rifles. We might buy guns from Krupp, but with the blockade of our ports, which England could maintain, it would be very difficult to get them into the country.

An Expensive Fire in Colorado.
 DENVER, Col., April 12.
 The burning of the Continental Oil and Transportation Co.'s works last night was one of the most destructive fires in the history of Denver. Two hundred thousand gallons of oil and extensive tankage buildings were burned. The fire was probably incendiary. Loss, \$100,000; insured for \$25,000. The gas and steam heating works were threatened but saved. Arrangements for rebuilding are being made.

Cattle Men in Council.
 DODGE CITY, Kas., April 11.
 Cattle men of western Kansas and the Panhandle are holding a convention here. Gov. Glick made an address suggesting the needs of stock men. Among others he advised a petition to Congress to take measures to stamp out pneumonia before it reaches the western ranges. About 500 delegates are present. A. H. McCoy was chosen President and C. W. Wilcox Secretary. Resolutions were passed pledging the members to discourage the carrying of firearms. A banquet and ball will close the proceedings tomorrow night.

Peter Cooper's Will.
 NEW YORK, April 11.
 The will of Peter Cooper has been filed. It leaves \$100,000 to the Cooper Union, and divides the remainder of the estate, except \$200,000 in special bequests, between the son, daughter, Edward Cooper and Mrs. Abram S. Hewitt. The estate is valued at \$2,000,000.

Sitting Bull Getting Religious—Church Indians.
 MILWAUKEE, April 12.
 Bishop Marty of Dakota, now in this city, says Sitting Bull will soon join the Catholic church. There are now 2,000 Indians in Dakota belonging to the Catholic church.

His Last Round.
 NEW YORK, April 11.
 At Professor McClellan's benefit to-night, Joe Prendergast of Brooklyn and Florry Bennett had a savage set-to. In the last round they clinched and both fell, Bennett having his neck broken.

Nine Men Buried in a Michigan Mine.
 KINNESBEE, Mich., April 11.
 The Koleridge mine, owned by the Ennet Mining Company, caved in on Tuesday afternoon at 1 o'clock,

burying nine men who were working on the surface. The mine commenced caving last Friday in the second level, when about 2,000 tons fell in. The danger was recognized by the company at once, and all work below ground was suspended. There was no one below at the time of the catastrophe. The names of the buried men are: Dick Williams, time-keeper; Edward Wicks, William Jeffery, William Henderson, John Morris, Thomas James, William Pollock, A. Heimer and Patrick Egan—all married men except Dick Williams, and William Jeffery. At 5 o'clock orders were heard at the mouth of the main shaft, and Edward Wicks was finally found in the debris, 160 feet down, with a broken rib and thigh. He spoke intelligently on being taken out, but soon wandered in his mind. The company are using every exertion to get at the other bodies, and are putting up hoisting machines as fast as men can put them. One small and three large boilers were also swallowed up in the awful pit. There is no hope of the other men being rescued alive. The doctors have hopes of Wicks' recovery.

A Nice Sum to Pay Out.
 NEW YORK, April 11.
 The decision in the lower court as to dividends on \$15,000,000 of Western Union Telegraph stock being calculated to embarrass innocent stockholders, Jay Gould has determined to assume the personal responsibility of paying dividends on all the stock out of his own funds, amounting to over \$1,400,000.

The Body of a Murdered Man Discovered.
 DENVER, April 12.

The body of Frederick Wagner, brother of the deceased palace car manufacturer of New York, and for whom an extended search was made last Fall, was found by emigrants last Sunday on the bank of a creek, eight miles from Powers, a station on the Santa Fe railroad. The body was terribly disfigured. A considerable amount of money was scattered about, and a plain gold ring with the inscription "A. B. to F. W., Feb 1, 1881," was found near; also, business cards of "Frederick Wagner, successor to J. Burmiller, New York." A bullet-hole in the back of the neck proves conclusively that he was murdered for a large amount of money he was supposed to have carried on his person.

Whisky Men Evading Uncle Sam's Revenue Laws.

NEW YORK, April 12.
 The steamer Flamborough, of the Bermuda line, which sailed this morning, carried 1,000 barrels of whisky from Pennsylvania and Ohio distilleries. The liquor is part of the over-production that has been manufactured during the past five years and which has been lying in bonded warehouses. The time has come when the internal revenue tax must be paid upon it, and to avoid this the distillers are shipping an enormous quantity to foreign countries, where it will be stored until needed.

The Presidential Junketing Tour to Florida.

ATLANTA, Ga., April 12.
 In accordance with a telegram from Secretary Chandler, received at the Navy Department this morning the Tallapoosa has been ordered to proceed from Key West to St. Augustine to receive the Presidential party on board. She will leave Key West today and reach St. Augustine tomorrow afternoon. It is not known what the future movements of the President will be, but it is thought the party will start at once on the Tallapoosa for Washington.

Suit Against a Railroad for Heavy Damages.

DENVER, Colorado, April 12.
 The Denver and New Orleans railroad has brought suit in the United States Court against the Atchison, Topeka and Santa Fe railroad for the sum of a million dollars damages sustained since last May by the latter's refusal to exchange business with the former in accordance with the decision of Judge Hallett, recently rendered.

A Man Awaiting Trial is Quietly Hung.

LYNCHBURG, Va., April 12.
 Early this morning about 100 disguised persons attacked the jail at Wytheville and forced the Sheriff to surrender the keys. They then took Wm. Crockett from the jail and hung him from a beam in the outskirts of town. Crockett was awaiting trial for the murder of Josh F. Hunt in Wytheville.

Steamboat Sunk.

COLUMBUS, Ga., April 12.
 The steamer Wyly of the Central line of steamers last night struck a bridge at Fort Gaines, carrying away the cabin, and striking a pier sank immediately. The first and second decks, a negro child and three deck hands are missing. She had a miscellaneous cargo. The boat and cargo are a total loss.

Railroad Accident.

PLAINFIELD, N. J., April 12.
 A Lehigh Valley train collided with a Philadelphia and Reading train at the crossing of the former road with the Bound Brook road to Philadelphia this morning. Several persons are reported injured. One car was burned.

Trial of One of the Phoenix Park Murderers.
 DUBLIN, April 12.
 The trial of Joe Brady, charged with murdering Cavendish and Burke, was resumed this morning. James Carey was again placed on the witness stand and examined by counsel for the defense, who elicited the information that when plotting the murder with other accused men he was a member of a sodality which received sacrament at stated periods. Carey also stated that he was promised pardon before he determined to give evidence against his fellow conspirators. A photograph was handed Carey which witnesses immediately identified as that of "Number 1."

DUBLIN, April 12.
 Michael Kavanagh was placed on the stand and repeated the evidence he gave at the preliminary examination at Kilmarnham court-house. The testimony shows that it was Brady who directed where to drive and who designated the place for him to wait.

DUBLIN, April 12.
 Joseph Smith, another of the accused who turned informer, repeated the story of his doings in Phoenix Park, as stated by J. Carey at the preliminary hearing. Smith said he was sworn in as an invincible three weeks before the murders. The invincibles had a secret sign by which they recognized each other, which was holding a knife in the palm of the hand. Physicians who examined the bodies of Cavendish and Burke then gave evidence relative to the nature of the wounds. The case for the prosecution closed at 3 o'clock, and the defense then opened. The photograph recognized by Carey as "No 1" was that of Tynan.

An American Admiral Complimented by a British Officer.

LONDON, April 11.
 At a banquet at the Maudslow House this evening Lord Alcester eulogized Admiral Nicholson and said: "Although representing a country thousands of miles away, he is still very near to the English nation in blood. I will never forget the cheers with which men on the gallant Admiral's ship greeted the English sailors whilst steering around our squadron at Alexandria. He did everything in his power to aid us, for which I am afraid he will not receive the thanks of the Irish-American party."

The Dynamite Fiends in a Bow-Street Police Court.

LONDON, April 12.
 Norman, Gallagher, Dalton, Wilson, Curtin and Ansbrough were taken to the Bow street Police Court this morning in a prison van driven at a rapid pace and accompanied by a guard of armed police and mounted constables. A large crowd followed the prisoners to the court-house. The whole route was lined with policemen and every precaution to prevent a rescue was taken. The prisoners appeared perfectly calm.

Extra Precautions Being Taken.

ST. PETERSBURG, April 12.
 A ukase has been issued by the Government ordering that increased vigilance be observed on the frontier to prevent suspicious persons entering the country. It is supposed this precaution is taken owing to the approach of the time fixed for the coronation of the Czar.

No More American Pork for Germany.

BERLIN, April 12.
 A committee of the Bundestrath has reported favorably on the letter of Bismarck, in which he advises that the importation of hog products from America be prohibited.

JOTTINGS.

Minor Occurrences in and About Town.

The members of Washoe Hose No. 2 talk of giving a ball.

A good girl can find a nice situation by reading the 50-cent column.

Saloon is now spelled with a hess, a hay, a hell, two hoes and a hen.

Joe. Marzen is shipping considerable beef and pork to Truckee from Lovelocks.

A soap artist gathered many shekels to-day by ornamenting shop windows with grotesque letters.

Winter lingers in the lap of Spring as if there were something very attractive about the premises.

Poly & Heilbron of San Francisco last night shipped 100 head of beef cattle, bought of George Fry of Lassen.

Go to John Belz and get cleaned up. A clean shave and an artistic hair-cut is better than a dose of medicine.

All the hills around the valley got a snow jacket this morning, but the sun will "scuff" it all in a short time.

The new Fagus flour mill will be completed in about two weeks, and will be immediately started up on custom work.

Abraham Brothers have been having some artistic lettering done on the front glass of their store and show windows.

Abraham Bros. are fitting up the White House with a magnificent Spring stock. They unpacked the first boxes to-day.

Six car-loads of emigrants went west last night, numbering nearly 200. They were the hardest looking crowd that has passed through here for a long time.

Farmers in Winnemucca valley say the prospects for a good crop never were better than now. The ground is in excellent condition, and much of the grain is already up.

The west-bound express was nearly two hours late last night, caused by a freight train being dithered at Cluro, east of Beowawe yesterday. Five or six cars are said to be wrecked.

The annual meeting of the stockholders of the Virginia & Truckee Railroad Company will be held at the office of the company in Virginia on May 8th. See notice under "New To-day."

A circle around the moon last night was very noticeable. Its edges were even and its brightness remarkable. Of course it presaged the storm that swooped down from the mountains this morning.

Two pairs of buck's horns were exhibited at Chase & Thyes' saloon this morning, firmly locked together, so that the animals who once wore them must have starved to death. They were found on Winters' ranch.

Parties in the saloon and liquor business should not forget to procure their license for the coming year. The first day of May is the last day of grace for such parties. The penalties for non-compliance with law are heavy.

Muskies are now plentiful and troublesome to ditch-owners from Reno to Spanish Springs valley. One busy rodent got caught in his own trap yesterday. Having tapped the ditch, the rush of water forced him into some brush and his muskratship got drowned, which learned him to keep his nose out of other people's business.

Renowned Railroad War that May Benefit Somebody.

It is rumored that the Denver and Rio Grande Railway Company and the U. P. folks are engaged in a war at Ogden. It is said that the Denver and Rio Grande Company laid their track into Ogden some time during Tuesday night, and that the U. P. people tore up the rails the following morning. The wires were cut, and serious trouble anticipated. The U. P.'s hostility is supposed to be due to the fact that when the Denver and Rio Grande makes a connection with the C. P. it will make that company a strong competitor for the eastern passenger and freight traffic, and will force the U. P. people to make a rate with the C. P., which will be of incalculable benefit to the Pacific coast and particularly to Nevada.

Truckee Items.

From the *Republican* of the 11th: The lumber camps are filling up. The hotels are all full to overflowing.

Several improvements are to be made at Donner Lake this season.

E. H. Gaylord, the former District Attorney of this county, has gone to Sacramento and will apply for the pardon of James Bohannon, who is now in the state prison. Bohannon's services in securing the conviction of another criminal entitled him to pardon.

Sale of Beef Cattle.

H. C. Marker & Co. sold on Monday 200 head of cattle to T. F. Judge for shipment to San Francisco. These cattle were fed on Marker's ranch all winter and are in prime condition, and will be shipped from Lovelock station.

Wages at Tuscarora.

Good miners at Tuscarora get \$4.50 per day and pay \$9 per week for board.

FIDELITY REWARDED.

Wells, Fargo & Co. Make Messenger Ross a Magnificent Present. On Monday last Wells, Fargo & Co. forwarded to A. Y. Ross, at Ogden, a letter and a box. Ross read the letter and opened the box, the latter containing an elegant gold watch, chain and seal. In the letter was a check for \$1,000. Ross, who has never doubted that his employers would acknowledge in a handsome manner his bravery, was completely overcome with emotion. The following letter explains the matter.

SAN FRANCISCO, April 2.

Mr. A. Y. Ross—DEAR SIR: Supplementing my letter of February 5th, relating to your intrepid conduct at Montello, January 23d, in successfully resisting the attack of five highway robbers on your car, and, in fact, in having practically protected the lives and property of the passengers on the train, I herewith enclose you a check for \$1,000, as a substantial tribute to this company; and also, as a mark of especial recognition and possibly more enduring recognition, a gold watch, chain and seal, engraved as follows: "From Wells, Fargo & Co. to Messenger A. Y. Ross, in token of his courageous and successful defense of the express car against highway robbers at Montello (Nev.), January 23, 1883." I never doubted, from previous knowledge of your bravery, that in such an emergency as that which occurred at Montello, your heroism would be manifested; but its sturdy exhibition could not and cannot be otherwise than inspiring to all fellow employees and persons holding places of trust, stimulating them to emulate such an example of fidelity and valor. With all good wishes to you and yours, I am, very truly, JOHN J. VALENTINE, General Superintendent.

The watch is a most elegant specimen of the jeweler's art. The cases are of cut gold, very heavy, rimmed with wreaths of parti-colored gold. On one side is a locomotive in relief, on the other Ross' monogram in oxidized letters. The chain is very heavy, and the whole outfit is first-class and valuable. If one wishes to please the old man now, just ask what time it is. He is very proud of the present, as he may well be.

The Nevada State Fair.

Unfortunately for Nevada it cannot hold its fairs earlier than it does, says the *Reveille*, because it would clash with California State and district fairs, which are very attractive to the Blood Horse Association, and as our fair needs these horses to make good racing, it is compelled to sandwich itself in where they can attend it. With good weather the Nevada Fair would always pay well, but a few rainy days always cause a loss of thousands of dollars. The State ought to stand in and make it a full success this year. Reno has stood the blunt of the thing as long as it ought to.

Movements of Troops.

An order has been made by which troop G, First Cavalry, Captain Upham commanding, which is now quartered at Camp Bidwell, will on the 20th of this month be moved to Walla Walla, Washington Territory, and Captain McGregor's command, troop A, First Cavalry, which was ordered from Bidwell to Walla Walla last June, will return to their old station in a short time.

The Summer Campaign at Lake Tahoe.

Preparations are being made at Tahoe, and the various landlords are getting ready for the summer campaign. Rumor still has it that John F. Moody is to run the Tallac House, but Moody declines to confirm it. The Grand Central is to be largely improved, and it is said Hot Springs will be opened early in the season. The *Republican* says a large travel is anticipated this summer.

The Pulp Mill Working Well.

The new pulp mill at Towle's switch in Placer county is working excellently. On Monday they made an even 1000 pounds per hour, which exceeds the highest estimate of the builders 4,000 pounds per day. The recent rains have insured sufficient water power to last probably until the fall rains. It will be kept running night and day. Thirteen car-loads have been shipped to Stockton thus far.

Feed on the Ranges.

Cattle men say grass in the foothills is higher and the feed much better than it was the 10th of May last year. The warm sunshine of March gave it an early start, and the cool showers of April keep it growing. Steers running on the ranges will be in prime condition for beef five or six weeks earlier than usual this season, says the *Silver State*.

The Sage-brush Exterminator.

Marker Brothers' patent sage-brush exterminator is making grassweed scarce on their premises at Lovelocks, and shade trees, alfalfa and evergreen millet take its place.

Anniversary of Notable Events.

Twenty-two years ago to-day the war of rebellion was begun at Fort Sumter; and it is just 21 years since Nasby arrived at Washoe City.

MAKING A COUNTRY.

How a Railroad May Revive Business in a Deserted Section.

The Carson & Colorado Railroad may almost be said to be making a country. As its track extends southward new districts which have for years been known to be rich, but which were abandoned because the cost of transportation took away the profits arising from working the mines, again become prominent as certain bullion producers in the near future. Some of these districts, says the *Walker Lake Bulletin*, which will now soon be ranked among the richest on the coast, have been nearly deserted for years and were as though they had never been discovered. This was not because it was not known that great quantities of rich ore were to be found there, but because it was impossible to either extract or work it within the limits of reasonable cost, owing to the difficulty of carrying supplies.

Notably, Cerro Gordo district, which many years ago produced great quantities of bullion, but which, nevertheless, failed to yield profitable returns, simply on account of the great cost of production and transportation, is again preparing to resume its former activity. The Union, once a noted mine of that district, is looking better than ever, and when the road reaches Owen's Lake, work will be begun on an extensive scale, as with cheap and reliable transportation to and from market the cost of transportation will be reduced so as to leave a fair margin of profit to the owners.

Other old districts will be reopened and many new districts will also begin adding their yield to the wealth of the world, and it may be said with truth that while the railroad is making a thoroughfare through the desert, it is also in reality making the country by which it will be used.

PERSONALS.

Brief Mention of the Movements of Notables and Others.

Chancellor Derby last night left for a trip to the Bay.

"Tule" Frank Dickinson is in from his ranch in Winnemucca valley.

Phi Bates will leave for Clinton to-night to attend to the lumbering business he is to superintend.

Dr. Bergman went out on the C. P. this morning in response to a summons from Clark's station.

A. Livingstone, County Treasurer of Douglas, came in last evening from Genoa, on his way to Salt Lake.

The wife of West Hall, engineer of 213, has been very ill at Wadsworth for some time, but is now improving.

Hon. J. Minor Taylor was in town last night to bid good-bye to friends, and returned to the Comstock this morning.

E. J. Powers, an old resident of Carson, has left for Seattle, Washington Territory, with his family, to take up his residence there.

H. W. Whiting and wife, Mrs. Silas B. Smith and Mrs. R. J. Van Voorhees, all of Bodie, are on their way to San Francisco on a visit.

H. L. Myers and Dan Gillis, formerly employees of the V. & T., are here on a visit from Mexico, where they have been railroading for some time.

Sam Hannon, well known about Reno, having been absent a few weeks visiting relatives in Iowa, has again returned to the land of his choice.

Geo. Fry of Lassen, having disposed of his last drive of 100 head of beef cattle to Poley, Heilbron & Co. of San Francisco, returned to his home to-day.

Miss Ida Marshall is very sick in Carson. The disease with which she is afflicted is said to be similar to that which was fatal to Mrs. Tucker a few days ago.

Aaron Abraham of the White House has returned from San Francisco, where he has been to select a large Spring stock, which will be displayed in a few days.

Gen. Kittrell has good leather in his yet. This morning he happened to be the "last man," and did some running. Someone suggested that he would make a fair stand against Harrison.

J. N. Jaquish came in from Surprise yesterday, having made the trip to stock the road preparatory to engaging in the business of wool-shipping from Modoc to Reno.

Governor and Mrs. Stanford and family are detained in New York by the illness of the former, who has been confined to his bed for 10 days past. They expect to leave for the Pacific coast this week.

Miss M. E. Grippen left for Ward this morning, where she will take charge of a school. Miss Francis Grippen came down from Franktown to see her off, and many friends were at the depot to say good-bye.

Harry Battin, late superintendent of Sweetwater mines at Clinton, Mono county, and an old business man of Bodie, went west last night with his family, to visit Bartlett Springs for the benefit of his health. He is badly crippled with inflammatory rheumatism.

D. M. Gloster, the Sierra county dog-horn, is going to Honey Lake to torture the innocents of that pastoral valley. May the Lord help them. Yesterday he tried to sell a mowing machine to a laundryman, telling him it was a new-style washing machine.

A GOOD MINERAL BELT.

Work in Silver-Glance Mining District and Sweetwater Mountains.

Work on the Ventura mine is being prosecuted under the supervision of Jack Fraser, and good prospects are being obtained. The mill be started up in a few days, and good returns are confidently expected. The mine did very well last Summer, though they did not get fairly at work until late in the season. This year, however, they will be able to start early. Willard is working the Orpheus with encouraging results, and will undoubtedly make some money this year. He has a shaft down 130 feet on a vein 20 inches wide, the rock milling \$40 per ton and upward in free gold. The quartz carries a large percentage of sulphurates, but no effort has been made to save them except small quantities for test purposes. Good mines will, no doubt, be developed in that mineral belt, which extends from the Mountain House southward for at least 100 miles. The most of the country in that section is entirely new to the prospector; but now that such good prospects have been obtained in Silver Glance, and the Sweetwater mines, 30 miles further south, are showing up so well, prospectors are turning their attention to it, and it will not be many months before other mineral deposits are discovered. The mines in the Sweetwater mountains are rich, beyond any question, and will attract considerable population this Summer. Clinton, the new camp, will develop into a thriving town and give employment to a large number of miners, teamsters, mechanics and laborers of all kinds.

The Weekly Gazette.

It may be safely said that the *RENO WEEKLY GAZETTE* is one of the best news papers on the coast. It is devoted entirely to the news of the day, eastern, foreign and local. It contains nearly 40 columns of interesting matter. Only \$2.50 per year paid to any part of the country.

The Laws of Nevada.

State Printer J. C. Harlow has completed the printing of the laws. They are now being bound in California, and will soon be ready for distribution.

P. N. Marker's Condition.

Senator Marker remains about the same as he was yesterday, suffering considerable pain.

NEW TO-DAY.

Notice of Annual Meeting. THE ANNUAL MEETING OF THE stockholders of the Virginia & Truckee Railroad Company will be held at the office of the company, in the city of Virginia, Nevada, on Tuesday, the 8th day of May, 1883, at 12 o'clock in the afternoon. E. B. YERINGTON, Secretary.

TAILORING ESTABLISHMENT.

MY REPUTATION AS A TAILOR is already established. "The Boss Tailor" lives in all country towns. They advertise shop-worn and auction goods; they dispose of cloths not saleable in the larger cities, and are continually trying to mislead their patrons by false representations. Reno is no exception to the rule. She has a "Boss Tailor," but look at a suit made by the Virginia street "Boss" and you will immediately see the point.

MY STOCK Is carefully selected. It is of the very best of Foreign and Domestic Manufacture and I am prepared to make suits of the latest style, cut from the finest goods, at prices never before equalled. My work speaks for itself. I guarantee a fit in every case. Call and examine my samples and prices. Leave your measure and be happy. Don't be misled by the "Boss." You will always regret it if you do. Before giving your order call at my shop and see for yourself.
